

## HELP US TO SOW THE SEEDS OF HOPE

Who are we as human beings if we ignore the suffering of others?  
We can't help everyone, but everyone can help someone.

Traditionally most of our Madarasas emphasise that our children memorize the Quran before the age of 10 to 12 years.

Now, through VIA we aspire that Madarasa pass out Hafizs' be trained through an intensive coaching program over a period of 4 years to become professionals. We ultimately expect them to be empowered citizens of India holding the Quran in one hand, and Science and Technology in the other hand with confidence, commitment, and responsibility towards the society. Please support our initiative and donate.

### Our Bank Details :

Transfer amount either through a cheque or DD drawn in favour of MANAPPAT FOUNDATION, Kerala – India

For online INR transfer, account details are:

Banker : FEDERAL BANK Ltd.  
Branch Address: P B No. 1927, Banerji Road,  
Ernakulam North, Kochi-682018, Kerala

## A GAME CHANGING EDUCATION MODEL

A UNIQUE PROJECT OF VISION 2040

VISION INTERNATIONAL ACADEMY

## VISION 2040 - A TRANSFORMATION PROGRAM

Vision 2040 is an educational, social, and economic transformation program to advance the Muslim Community to a vibrant and progressive community of nation builders.

As per Census 2011 data, 42% of Muslims in India are illiterate and only 11% pursue higher education. Muslim students have one of the highest dropout rates in schools.

Understanding the current situation of the Muslim community in India, where a vast segment of the population is illiterate and very few pursue higher education. The Vision 2040 Transformation Program was launched by Manappat Foundation in association with many individuals and a few like minded NGOs in 2015, with the goal of transforming and uplifting the community by the year 2040.

Vision 2040 believes that through various initiatives, in the long term, Muslims would move from the margins to the mainstream and be an active part of nation building.

## VISION INTERNATIONAL ACADEMY

One of the primary projects of Vision 2040 is the Vision International Academy (VIA). VIA provides an educational platform for Hafiz-e-Quran passed students to complete formal 10th and 12th standard examinations, along with providing extensive coaching for getting admission into reputed higher education institutions such as Indian Institute of Technology, All India Institute of Medical Sciences, etc.

The education program is a residential program, for 10 to 12 year old children. It consists of 4 annual academic terms, namely, Bridge, 10th, 11th and 12th standards. Vision Academy will provide an advanced and modern curriculum comprising science, critical thinking, leadership, communication, comparative religion and ethics. The aim is to develop high academic talent, self-confidence, personal leadership and patriotism.

VIA commenced its educational operations in August 2017 at Phulat in Muzaffarnagar with an investment of INR 3 Crores. The Academy now has the first batch of 80 Hafiz. In the next three years, we shall have additional 80 students every year, with a total of 320 students in 4 years to be trained as future leaders.

## VIA INFRASTRUCTURE DEVELOPMENT SUPPORT

The Vision 2040 team has come up with a formidable and game changing initiative in the form of the Vision International Academy. However, we have our financial limitations. For accomplishing this challenging mission, we constantly need help and support from all fortunate individuals and organizations. Join hands with us to make our mission successful.

The following are our budgeted requirements for the year 2018, and beyond, for the development of key and support infrastructure for Vision International Academy.
